TRAP ENERGY SOLUTIONS

BOILERS AND AUXILIARY EQUIPMENT

Our unique and sustainable solutions will help you meet your energy and environmental goals.

MIURA On Demand Steam Systems

www.miuraboiler.com

- Based in Rockmart, GA since 2008
- 170,000+ units installed globally since 1959
- Modular watertube boiler design
- 0-7,5000 BHP, 170-350 psi steam
- Rapid steam startup in 5 minutes
- Compact size
- Inherently safe design with no recorded fatalities
- 87% fuel-to-steam efficiency
- low maintenance requirements
- <20 ppm NOx; 5 ppm model available
- Complete turn-key solutions offered

Sellers® Manufacturing

www.sellersmfg.com

- Since 1931, Danville, KY
- Firetube boilers with immersion-style burners
- 10-900 BHP and 15-300 psi options for steam and hot water
- 20 year warranty and quick 20 minute start up
- Reduced thermal stress and minimal maintenance (no refractory)
- Siemens LMV5 linkage-less controls
- Includes DA Tanks, boiler feedwater, skids and medical waste autoclaves

RITE Boilers

www.riteboiler.com

- Since 1952, Commerce, CA
- Robust design, built like a tank
- Atmospheric or power burner models
- 5-250 BHP options
- High efficiency 160 psi hot water boilers
- Conventional hot water 125 psi boilers
- Take apart boilers
- Easy to operate/maintain
- Turn-key solutions available

GASMASTER Industries

www.gasmaster.ca

- Since 1995, Richmond, BC Canada
- 25 Models of high efficiency stainless steel condensing boilers and water heaters
- 100,000-20,000,000 BTU/hr
- Environmentally friendly - reducing carbon footprint
- Adjustable heat output to match system demand reducing fuel use
- ASME approved stainless steel throughout resulting in greater durability and less cost

EllisLudell Water Heaters

www.ellisludell.com

- Since 1944, Itasca, Illinois and Milwaukee, WI
- Direct Contact Water Heaters and Mini Direct Contact Water Heaters
- Corrosion resistant and stainless steel
- Heat source comes into direct contact with water ensuring rapid & efficient heat transfer
- Tailored to meet specific requirements ensuring optimal performance and cost effectiveness
- Includes a mini direct contact water heater

TRAP ENERGY SOLUTIONS

BOILERS AND AUXILIARY EQUIPMENT

Our unique and sustainable solutions will help you meet your energy and environmental goals.

Lockwood Products

lockwoodproducts.com

- Deaerators
- Boiler feed systems
- RO Systems
- Blowdown Searators

Cannon Boiler Works

cannonboilerworks.com

- Econimizers
- Custom HX's
- Steam Accumulators
- Condensers

Madden Engineered Products

maddenep.com

- Heat Recovery systems
- Sample Coolers
- Blowdown Separators
- Chemical feed Systems

Fabtek Aero

fabtekaero.com

- Feed Water Tanks
- Condensate Tanks
- Pumps
- Accessories

Industrial Chimney Company

icc-rsf.com/chimney

- VIP+ Pressure Vent and Condensing Vents
- Modular Double Wall Chimney System
- Available in 5" -48" Diameters
- It is suitable to vent
  - Generators or turbines
  - Furnaces and boilers
  - industrial ovens/ process equipment
  - Combustion gasses or heated air
  - Restaurant hoods

EllisLudell

ellisludell.com

- Reverse Osmosis Systems
- Shell and Tube Waste Water Heat Exchangers
- Pump and Valve Packages

Trap Energy Solutions Services

- Boiler Room Parts/Services
- Steam Trap Surveys
- Boiler Room Assessments
- Thermal Ceramic Coatings
- OSHA 1910 Catwalks and Industrial Stairs
